

SONOROUS[®] | ELEMENTS

SONOROUS[®]

At Sonorous, we believe your entertainment system should be complimented by specialist AV (Audio Video) furniture that displays your TV, not your wires. It should also be totally functional, giving an accessible yet discrete and bespoke home to your entertainment system. Choose confidently from our contemporary designs that will compliment your personal style and the carefully selected furnishings in your home.

ELEMENTS MULTIMEDIA CABINETS

ELEMENTS brings Sonorous design, creativity and styling to a new level. A modular concept that displays and discreetly stores all your Audio / Video equipment right at the heart of your living space.

Special attention has been given to provide discrete and practical storage for all your home entertainment, yet meet the style and design requirements of the most carefully furnished home.

Contemporary designs of lacquered tempered glass and wood are at the core of Elements. The concept is simple and convincing. Quality without compromise.

ELEMENTS SIDEBOARDS

Sonorous introduces **ELEMENTS SIDEBOARDS** , a new cabinet system designed by Sonorous

The body come in four different width and five different height with doors, flaps and drawers . By playing with different colors and materials (Glass, wood, ceramic, veneer) and layout you can create your own cabinet.

The different boxes are put next to each other with a continuous delicate glass on top
Sideboard is available in both standing on wood base or a metal frame.

Wall hanging for the single module or the whole combination is also an option.

TABLES DINING TABLES

Sonorous is proud to introduce new **table** series.

The ceramic and/or glass table-top contrasts beautifully with metal or solid wood leg frameoptions.
Tables of different heights can be grouped together as nest sets, with the smaller version used as a coffee or occasional table and the larger piece as a dining table.

Our latest collections are right at home in the most diverse interiors, becoming a timeless part of your own personal design style."

COFFEE TABLES & SIDE TABLES

Sonorous introduces **Coffee Tables & Side Tables** designed by Sonorous

A series of **Coffee Tables and Side Tables** – with different heights and table top sizes are ideal for your living rooms or any types of interiors. By mixing the colors of the metal bases and table tops, the expression of the tables may be varied infinitely.
Coffee tables/side tables made up of two types.
One type comes with metal legs and top panels are either tempered glass or ceramic.
Second type is constructed with the same idea as Elements cabinets.

FEATURES

MODULAR CONSTRUCTION (EX / SB)

Modular construction allows you to arrange cabinets as you require, floor standing, attached to your walls, or both, you decide. A system of specialist furniture that combines elegance, technical performance and perfection.

CABLE MANAGEMENT (EX)

Cables are an essential part of your system, but you don't want to see them. Multiple and discrete horizontal and vertical cable channels make for easy access for cabling through shelves and cabinets whilst keeping them out of sight within the cabinet.

ROTATING MOUNT (EX)

Brushed anodised aluminium profile is used for TV mounting and provides rotating and an integrated cable management system.

ACOUSTIC FABRIC DOOR (EX / SB)

Amplifier, media players and game consoles can all be stored behind flaps which are covered with acoustic fabric door or perforated door. Designed to ensure adequate ventilation so your devices don't overheat. A sound bar, loudspeakers and subwoofers can be placed and operated, hidden from view, without affecting performance.

PERFORATED DOOR (EX / SB)

ANODISED ALUMINIUM EDGES (EX)

Careful use of anodized aluminium profiles creates impact resistance edges

CERAMIC TABLE

Ceramic laminated with glass, promises a long-term use in your interiors.

CERAMIC DOOR (EX / SB)

VENEER DOOR (EX / SB)

IR REPEATER (EX)

Control all your equipment with your remotes, yet keeping it out of sight. Our Infrared Repeater system relays remote control signals to your equipment within the cabinet

PUSH TO OPEN (EX / SB)

FLAP DOOR MECHANISM (EX / SB)
High-quality flap mechanisms ensures soft opening and closing.

DRAWER (EX / SB)
Drawers incorporate high performance and luxury "push to open" mechanisms

ADJUSTABLE LEVELLING FEET FOR METAL LEGS (EX / SB)

ADJUSTABLE LEVELLING FEET FOR BASES (EX / SB)

All information about the products in this catalog were correct at the time of going to press.
All colour reproductions serve as a guide only and are not reference patterns
Sizes that are listed in the catalogue are nominal sizes and no real measurements of production.
Differing measures and finishes are subjected to modification to a reasonable limit.
Changes that are due to improvement of quality and design do not require an advance notice.
